

OverviewDevelopmentImpactChallengesSee alsoExternal linksThe Bhadla Solar Park is a solar power plant located in the Thar Desert of Rajasthan, India. It covers an area of 56 square kilometers and has a total installed capacity of 2,245 megawatts (MW), making it India's largest and the 11th-largest solar park in the world as of 2024. The park was developed in four phases since 2015, with \$775 million in funding from the Climate Investment Fund

The plant boasts nearly 1.5 million photovoltaic panels, employs 1200 people, many of them local residents, and serves power to 250,000 homes, which is more than the populations of the local towns of Ceres and Badajoz ...
