

Analysis of the market prospects of portable photovoltaic panels

How big is the solar photovoltaic market?

The solar photovoltaic market size exceeded USD 289.6 billion in 2023 and is set to expand at more than 8.3% CAGR from 2024 to 2032, due to the increasing focus on clean electricity through various solar PV targets.

What is the global solar PV panels market size?

The global solar PV panels market size was estimated at USD 170.25 billion in 2023 and is expected to grow at a compound annual growth rate (CAGR) of 7.7% from 2024 to 2030.

What is the market share of solar PV panels in 2023?

The industrial segment accounted for a dominant share of over 40.0% in solar PV panels sector in 2023 and is projected to grow at a significant CAGR of 7.6% over the forecast period.

Will solar photovoltaic (PV) market grow in 2023?

Overall world revenue for Solar Photovoltaic (PV) Market, 2023 to 2033 in terms of value the market will surpass US\$117.94 billion in 2023, our work calculates. We predict strong revenue growth through to 2033. Our work identifies which organizations hold the greatest potential.

Why is the solar PV market growing?

The solar PV market has witnessed significant growth in recent years, driven by increasing demand for renewable energy sources and the development of government policies and incentives aimed at encouraging the adoption of solar power. Solar PV technology involves the use of photovoltaic cells to convert sunlight into electricity.

What are the key drivers of the solar PV market?

One of the key drivers of the solar PV market has been the falling costs of solar panels and associated technologies. As solar PV technology has matured and become more widely adopted, economies of scale and technological advancements have led to significant reductions in the cost of solar panels.

The global solar PV panels market size was exhibited at USD 170.26 billion in 2023 and is projected to hit around USD 360.83 billion by 2033, growing at a CAGR of 7.8% during the forecast period of 2024 to 2033. ... the factors ...

This report forecasts revenue growth at global, regional & country levels and provides an analysis of the latest industry trends in each of the sub-segments from 2018 to 2030. For this study, Grand View Research has segmented the ...
