

Become a listed company of photovoltaic inverter

How pvbl ranked the top 20 global photovoltaic inverter brands in 2023?

On the first day of the conference, PVBL's annual ranking of the Top 20 Global Photovoltaic Inverter Brands was announced. Preferential policies promoted the inverter market growth in 2023. Most of the major inverter companies won a large amount of orders and expanded their capacity with high shipment volume.

What is the solar inverter manufacturing industry?

The solar inverter manufacturing industry is largely driven by an intensifying global focus on renewable energy. Within this sector, specialized companies thrive on producing solar inverters - a crucial component that converts the variable direct current output of a photovoltaic solar panel into a utility-frequency alternating current.

How many companies are involved in inverter production?

Companies involved in Inverter production, a key component of solar systems. 1,337 Inverter manufacturers are listed below. ... List of Inverter manufacturers. A complete list of component companies involved in Inverter production.

What is the global demand for PV inverters in 2022?

The global PV demand of 201 gigawatt alternating current (GWac) in 2022 contributed to 48% growth year-over-year for PV inverters. In terms of inverter shipments, strong growth in Europe, Asia Pacific, and the United States where government support bolstered to meet clean energy goals led to a total of 333 GWac of global shipments in 2022.

Who makes the best solar inverter?

Building on almost a century of power electronics expertise, Italy's Fimer has quickly become a leading global provider of solar inverters. Their comprehensive portfolio includes string, central, and large-scale inverters integrating storage and smart grid capabilities.

Which PV inverter vendors shipments grew the most in 2022?

The top five vendors - Huawei, Sungrow, Ginlong Solis, Growatt, and GoodWe - shipped more than 200 GWac and accounted for 71% of total global PV inverter shipments in 2022, growing 8% from 2021. Huawei's shipments saw a significant increase of 83% in 2022 compared to 2021, while Sungrow's shipments expanded 56% in the same period.
