

Boom lift to install photovoltaic panels

The Solmetric Module Lift is designed to safely and quickly transport a PV module to a roof. The device uses your existing fiberglass Werner or Louisville extension ladder. A pulley system is attached to the top of the ladder. A patented module ...

This solar panel lift has a reach of 8.5 metres and is suitable for use on both single storey and double storey buildings. If required, additional 1.8 and 3.6 metre sections can be fitted in at the base, extending the reach of the Solar Panel ...
