

# Can I put a chair in the locker Is it safe

How do I protect my furniture while in storage?

Use the storage supplies above and follow these tips to protect your household items and furniture while in storage. Remove the cushions from your couches and set them aside. Completely cover the couches and other soft-surface furniture using furniture blankets, then use tape to hold the blankets in place.

What happens if a furniture storage unit is not secure?

**Insect Infestation:** The furniture storage in areas lacking secure storage units can expose it to various insect species that may cause harm. If the furniture is not clean, common infestations in storage include moths and bed bugs. **Rodent Infestation:** The damage to furniture caused by rodents can be severe.

How safe is furniture stored in a storage unit?

Two critical aspects must be considered to ensure the safety of furniture stored in a storage unit: temperature control and security against wildlife intrusion. The absence of these factors can damage stored furniture, including condensation, ultraviolet light, humidity, rodents, insects, mold, and mildew.

Should you clean your furniture before putting it in storage?

By cleaning your furniture correctly, you can protect your investment and ensure that your items remain in good condition while in storage. Here are some tips for effectively cleaning furniture before placing it in storage: Wooden or plastic furniture can be cleaned using a gentle soap and water solution.

Is an attached garage a good place to store furniture?

While an attached garage can be a convenient storage space, the suitability of the garage will depend on several factors, including the furniture type you plan to store. Wooden furniture is susceptible to damage whenever temperatures and humidity drastically change. Cracking, warping, splitting, and breaking are common outcomes of such exposure.

Can you put an office locker up against an unused wall?

After buying an office locker, you can place it up against an unused wall. Office lockers don't require any special tools or hardware to install. Just find an appropriate area somewhere along an unused wall. While all office lockers provide employees with a safe and secure storage environment, not all of them are the same.

The captain's locker seems ship specific. Example.. i put something in it, switch to another ship (set another home ship). The new captain's locker on the ship I just set as home ship is empty. If I switch home ship back to the first ship, the item ...
