

Can photovoltaic be installed with insulation board

By Scott Gibson | May 17, 2021. This drawing shows a roof assembly with exterior rigid foam, which has been enough to discourage solar installers from attaching panels. Illustration courtesy Kaster. Kaster has retrofitted his Bronx, ...

A house protected by Solarbord®; Radiant Barrier Sheathing has a head start on comfort. Up to 97% of radiant heat from the sun is reflected by Solarbord, so the attic can be up to 30°; cooler. This means the rest of the house will be cooler ...
