

Can the air conditioning cabinet be converted into a storage cabinet

Can I install an air conditioner in my container?

If your container is fitted with electricity, Maloy Mobile Storage can install an air conditioner directly in the wall to provide climate control. We offer units with cooling as well as cooling/heating capabilities. Window Air Conditioners are an excellent way to regulate the temperature inside your container.

How do you store a AC unit in a house?

Install floating shelves above the AC unit. These shelves not only serve as practical storage but also obscure the unit from view. Be sure to leave enough space between the shelves and the AC for proper airflow. Add some greenery to your indoor space by placing potted plants around the AC unit.

How do I hide a split AC indoor unit?

To hide a split AC indoor unit, options include recessing it into a wall, using custom wood cabinets, louvered doors, decorative screens, or furniture. However, maintaining proper airflow is crucial to prevent HVAC system performance issues, so consulting professionals or adhering to manufacturer instructions for safe installation is advised.

How to hide an AC unit?

Creating a false ceiling or bulkhead is a sophisticated way to hide the AC unit. It provides a clean and minimalist look while offering ample space for LED lighting fixtures or other decor elements. Install floating shelves above the AC unit. These shelves not only serve as practical storage but also obscure the unit from view.

How do you decorate a room with an AC unit?

Paint a chalkboard or corkboard cover that can be easily hung in front of the AC unit. This creative solution allows you to leave notes or artwork while keeping the unit hidden. Install paneling or wainscoting around the AC unit to create a cohesive look with the room's architecture.

How do you cover an AC unit if it's not working?

Mount a sliding door on a track to cover the AC unit when it's not in use. You can choose from a variety of door styles, such as barn doors or Japanese shoji screens, to match your interior design. Hang decorative curtains in front of the AC unit. Select curtains that complement your room's color scheme and style.
