

# Energy Storage Lithium Battery Company Directory

How many lithium-ion battery companies are there in North America?

As of March 2024, the database now offers a directory of nearly 700 companies and 850 facilities in North America across lithium-ion battery supply chain segments, including mining, material processing, cell and pack manufacturing, research and development, services, end-of-life management, and product distributors.

What is the lithium-ion battery supply chain database?

As part of ongoing efforts to map the battery landscape, NAATBatt International and NREL established the Lithium-Ion Battery Supply Chain Database to identify every company in North America involved in building lithium-ion batteries, from mining to manufacturing to recycling and everything in between.

How do companies develop lithium-ion batteries?

Different companies might focus on specific phases of battery development, such as mining or processing raw materials, manufacturing electrodes or cells, and assembling complete battery packs. Currently, U.S. consumers rely on global coordination to maintain a consistent supply of lithium-ion batteries for various applications.

What is the NAATBatt lithium-ion battery supply chain database?

The NAATBatt Lithium-Ion (li-ion) Battery Supply Chain Database is a directory of companies with facilities in North America representing the li-ion battery supply chain.

How many companies are in the lithium-ion supply chain?

As a result, the database now identifies more than 480 companies and over 560 facilities within North America's lithium-ion supply chain, including mining, material processing, manufacturing, research and development, services, end-of-life management, and product distributors.

How many battery storage systems manufacturers are there?

Companies involved in Battery Storage Systems production, a key component of solar systems. 1,950 Battery Storage Systems manufacturers are listed below. ... Complete list of solar battery brands from all over the world with contacts and other company data, including battery technology types and number of known sellers.
