

# Export requirements for solar photovoltaic brackets

What is the import process for solar panels & accessories?

The import process for solar panels and accessories can be complex and requires meticulous attention to detail. It involves several steps, including obtaining necessary permits and certifications, completing import documentation, and going through customs clearance procedures.

What is the solar photovoltaics supply chain review?

The Solar Photovoltaics Supply Chain Review explores the global solar photovoltaics (PV) supply chain and opportunities for developing U.S. manufacturing capacity.

What is the supply chain for solar PV?

The supply chain for solar PV has two branches in the United States: crystalline silicon (c-Si) PV, which made up 84% of the U.S. market in 2020, and cadmium telluride (CdTe) thin film PV, which made up the remaining 16%. The supply chain for c-Si PV starts with the refining of high-purity polysilicon.

Can You import solar panels into the USA?

Importing solar panels and accessories into the USA requires compliance with specific regulations and requirements set by governmental agencies. The United States Customs and Border Protection (CBP), Environmental Protection Agency (EPA), and Department of Energy (DOE) are among the agencies overseeing the importation of solar products.

Why should you import solar panels and accessories into the USA?

You've decided to take the leap into the ever-growing world of renewable energy by importing solar panels and accessories into the USA. This exciting endeavor not only allows you to contribute to a cleaner environment but also presents a promising opportunity to tap into the expanding market of solar energy.

Who regulates the importation of solar products?

The United States Customs and Border Protection (CBP), Environmental Protection Agency (EPA), and Department of Energy (DOE) are among the agencies overseeing the importation of solar products. These regulations aim to ensure the safety, quality, and environmental sustainability of the imported goods.
