What is the \$7 billion solar for all program?

Oops, something went wrong. Check your browser's developer console for more details. Under the \$7 billion Solar for All program, the 60 grant recipients will create new or expand existing low-income solar programs, which will enable over 900,000 households in low-income and disadvantaged communities to benefit from distributed solar energy.

How much will solar energy save a community?

This \$7 billion investment will generate over \$350 million in annual savings on electric bills for overburdened households. The program will reduce 30 million metric tons of carbon dioxide equivalent emissions cumulatively, from over four gigawatts of solar energy capacity unlocked for low-income communities over five years.

Who will receive a \$7 billion solar grant?

Washington - Today, April 22, as the Biden-Harris Administration celebrates Earth Day, the U.S. Environmental Protection Agency announced 60 selectees that will receive \$7 billion in grant awards through the Solar for All grant competition to deliver residential solar projects to over 900,000 households nationwide.

Does the federal government offer free solar panels?

The federal government does not provide free solar panels, but does provide incentives that reduce the cost of going solar. You can go solar with no upfront cost by taking out a \$0-down loan, signing a lease or PPA, or subscribing to a community solar farm. Of the no upfront cost solutions, \$0-down loans provide the best long-term savings.

How will EPA's 60 solar for all program help low-income households?

EPA estimates that the 60 Solar for All recipients will enable over 900,000 households in low-income and disadvantaged communities to deploy and benefit from distributed solar energy. This \$7 billion investment will generate over \$350 million in annual savings on electric bills for overburdened households.

How much money is available for solar power?

Over \$8 Billion Available Through Prizes, Private Capital, and a Conditional Loan Commitment Will Expand Access to Cheaper, Cleaner Energy for American Families and Deploy Solar Power to Underrepresented Communities
Leer en espa#241;ol WASHINGTON, D.C.

Interest-free or low-interest loan. A loan allows you to borrow part or all of the cost of your solar system and/or battery. By reducing or removing the upfront cost, an interest-free or low-interest loan makes solar or a battery more affordable ...
