Will hithium supply 5gwh of battery capacity to powin?

Stationary battery manufacturer Hithium has signed on to supply 5GWh of battery capacity to global energy storage platform provider Powin, LLC. The duration of the deal is three years, with the two companies having signed their first agreement earlier in 2023 for the delivery of at least 1.5GWh.

Who makes hithium batteries?

Founded in 2019 with a focus exclusively on stationary batteries, Hithium first shipped products in 2022. Stationary battery manufacturer Hithium has signed on to supply 5GWh of battery capacity to global energy storage platform provider Powin, LLC.

Does hithium offer warranty reinsurance?

Hithium, the stationary battery producer, announced the agreement with Munich Re to provide warranty reinsurance for its energy storage systems (ESS). The reinsurer will cover both product and performance warranties.

Where is the hithium battery plant located?

Chongqing, China, is the site of a HiTHIUM battery production plant. The plant is currently being expanded to reach 25 GWh capacity by end of 2023 and 50 GWh by end of 2024.

Does hithium work with PCs or bidirectional inverters?

Stationary battery manufacturer Hithium has demonstrated technical compatibility with major suppliers of power control systems (PCS) or bidirectional inverters. As a producer of cells, battery modules, up to full DC-side solutions, Hithium teams up with PCS suppliers on systems and projects.
