

High-speed acquisition of Yingli photovoltaic panels

Who is Yingli in solar panels?

Yingli is a leading Chinese manufacturer of solar PV modules. We have chosen Yingli Solar Panels for our complete systems due to their module quality, performance, and company financial health and stability. Yingli is one of the leading solar panel manufacturers in China.

How efficient are Yingli solar panels?

Yingli Solar panels have efficiency ratings between 19.08% and 20.70% which are high-efficiency ratings. When determining a solar panel's power rating, solar panels are tested under standard test conditions, or conditions that remain constant to fairly compare and test solar panels.

Why should you choose Yingli Solar?

green solar energy through the state-of-the-art technologies. Yingli Solar has always highly valued independent R&D and technological innovation. Playing a Leading Role in Compilation of Photovoltaic Industry Standards. promoting the development and application of clean energy.

What is the production capacity of Yingli solar panels?

As of September 2008, Yingli is one of the largest manufacturers of PV products in China with an annual production capacity of 400 megawatts for polysilicon ingots and wafers, 400 megawatts for PV cells, and 400 megawatts for PV modules. Yingli Solar Panel Features:

How many solar panels did Yingli produce in 2018?

In 2018 they shipped 1.7 gigawattsof panels, which was little more than half their 2014 production. Company History The company's full name is Yingli Green Energy Holding Company Limited. It was founded in 1998 and commenced production of solar panels in 2003. It rapidly expanded and become the world's largest manufacturer in 2012 and 2013.

Why did Yingli energy publish a bifacial photovoltaic test method?

In 2020, Yingli Energy took the lead in publishing the Test Method for Electrical Parameters of Bifacial Photovoltaic (PV) Modules, which not only filled the vacuum in domestic standards for bifacial PV moduels, but also was of great significance for promoting China's PV technology to continuously lead and be an authority in industry standards.
