

Hikvision Solar Photovoltaic Panels

What are Hikvision solar-powered security cameras?

The Hikvision Solar-powered Security Camera Series is a groundbreaking solution that combines advanced surveillance technology with environmentally-friendly and sustainable energy sources. These cameras are powered by solar panels, eliminating the need for traditional power sources and offering businesses and organizations

Why should you use Hikvision's solar-powered camera in a forest?

Forests tend to have lots of trees and waters, making it difficult to deploy wired devices. Hikvision's solar-powered camera setup leaves a small footprint on the environment while facilitating animal protection and fire detection from remote, aside from meeting other security demands.

What is Hikvision ColorVu technology?

It also can be used in the temporary monitoring scenes, such as the large-scale competitions, outdoor special events, and construction sites. Hikvision ColorVu technology provides 24/7 vivid colorful images with F1.0 advanced lenses and high performance sensors. F1.0 super-aperture collects more light to produce brighter images.

How does Hikvision work?

Hikvision's solar-powered camera setup helps farmers keep an eye on trespassers and get alerted when livestock wander away. Festivals may last for days, but are mostly once-per-year events. Video security is needed here, but conventional installations can be uneconomical and inefficient.

What is a solar-powered kit?

Hikvision's Solar-Powered Kit can power a variety of products, save time and money on system design and installation, and quickly build a solar system. It consists of a solar panel, a battery box, and a bracket, and it offers:

How does Hikvision protect your property?

Highways may stretch to rural and remote lands where on-site inspection can be very costly. However, infrastructures like highways are prone to vandalism and theft. Hikvision's solar-powered camera setup works as a guard, tirelessly looking after the property and ensuring their functioning.
