

Home Solar Backup Generator

What is a solar backup generator?

Solar backup generators provide a portable solar power supply. Instead of having a permanent solar installation in your home, complete with roof panels and a large battery bank, a solar generator packages everything in one relatively small unit. Solar backup generators have five main components: Solar panels to capture sunlight.

What is the best solar generator for home backup?

The Renogy Lycanis is one of the largest and most capable solar generators in the market right now. It's designed to be wired to a home power grid. You can even set it up as a UPS, ensuring essential appliances stay powered in a blackout. That, plus its fast charging performance makes the Lycan 5000 one of the best solar generators for home backup.

How many watts can a backup solar generator power?

Smaller units typically have a lower power capacity and can only charge small devices. Backup solar generators can typically power at least 1,000 watts, which should be enough to power appliances like small lights, a fridge, or a television.

Can a solar backup generator power a refrigerator?

The most powerful home solar backup generators are capable of keeping your refrigerator on, keeping your computer and electronics running, and powering a handful of lights and other appliances, but they are not yet able to match the full-home power supply of larger backup generators powered by natural gas and propane.

Are solar generators a good option for your home?

Solar generators are quiet, lack any harmful fumes and exhaust, and are completely renewable. With a handful of well-placed solar panels, you can provide a FREE supply of backup power for your home. Today, solar home backup power is within reach of everyone.

Which solar generator kit should I buy?

If you want a complete home backup solar generator kit that's ready to use, I recommend this EcoFlow Delta Max solar generator + 220W solar panel combo. It's enough to keep your most essential appliances powered and devices charged during an extended blackout. Complete solar generator kit with foldable solar panel.
