

How many models of GCL photovoltaic panels are there

How many GCL solar panels are there in Australia?

Currently, 39 GCL solar panels are approved by the Clean Energy Council (listed under the name of GCL System Integration Technology Co Ltd) for the Small-scale Renewable Energy Scheme - Australia's home solar rebate program. The GCL-M8/60H has 120 half cut monocrystalline solar cells and is one of GCL's best performing solar panels.

Does GCL solar have an office in Australia?

GCL Solar currently has no office located in Australia. Compare quotes from up to 7 installers in your area now. Currently, 39 GCL solar panels are approved by the Clean Energy Council (listed under the name of GCL System Integration Technology Co Ltd) for the Small-scale Renewable Energy Scheme - Australia's home solar rebate program.

How much power does a gcl-m3/72gd solar panel have?

The power range for this panel is from 325W to 360W depending on the model. The GCL-M3/72GD has 144 half cut monocrystalline solar cells with half-cut solar technology. Half-cut solar cells are now common place in the solar industry as they increase the panels efficiency whilst not increasing surface area.

When did GCL begin selling solar PV plants?

GCL started selling solar PV plants in 2018. By the end of June, they had sold over 6 GW of solar PV farms, significantly lowering the liabilities and debts of the entire GCL group, including GCL System Integration. This has given GCL a much better financial position for future development.

What is a GCL solar warranty?

The product warranty is designed to cover manufacturing faults in the panel that leads to damage or malfunction and is typically 10 years for most solar panel manufacturers. All GCL Solar panels offer a 10 year standard product warranty which is effectively the minimum expectation of the solar panel market.

Are GCL solar panels good quality?

GCL solar panels show some promise of being good quality (particularly the Saturn and Gemini series) through their ranking as a top performer by PV Evolution Labs independent testing. Unfortunately at this stage their offering in Australia (if it is currently available) lacks good customer support.
