How to test photovoltaic panels when building your own house

2 · Yes, it"s cheaper to build your own solar panel system. Since you don"t have to pay for labor and other overhead costs, you could save $5,000 or more with a DIY system. However, installing solar panels is a complicated process ...

With this Instructable, I hope to demystify the (not-really) intimidating process of installing solar panels in your home. We"ll review the parts of a solar panel system, the things you need to consider when you"re planning, and how you ...
