

# Is Growatt s photovoltaic inverter good

Why are Growatt inverters so popular?

With an IP65 rating and fantastic prices, it's no wonder why Growatt inverters are so popular. International market research company EUPD Research has awarded Growatt 19 'Top Brand PV Inverter' seals. This reflects Growatt inverter's performance, market penetration and customer satisfaction across global solar markets.

Is Growatt a good solar battery & inverter?

Overall, Growatt offers a variety of high-performing solar batteries and inverters at a fair price. Whilst the shinephone app may be limited in some areas, it is simple to use and has a friendly interface. And unlike hardware, the software can always be updated free of charge.

Who makes Growatt inverters?

This Growatt inverter review is performed independently by Solar Choice and has no affiliation with Growatt. Founded in 2011, Shenzhen Growatt New Energy Technology Co Ltd (Growatt) has built a reputation as a cost-effective manufacturer of solar inverters.

How efficient is a Growatt inverter?

Higher efficiency results in less energy loss and more savings. Growatt inverter efficiency ranges from 94% to 99% depending on the model and type of inverter. This places them among the top performers in the market, especially compared to some of the European brands that have lower efficiency ratings.

Is Growatt more expensive than a Mecer or must inverter?

That is typically a sign of a company looking to build a quality product. With that said, Growatt is slightly more expensive than a Mecer or Must inverter costing up to \$200 more than the latter. Check out our side-by-side review of the top five solar inverters to see how Growatt measures up against MUST, Mecer, Phocos and Victron.

Are Growatt inverters transformerless?

All of the CEC approved Growatt Inverter range are Transformerless Inverters, which contributes to the high efficiency. The Growatt flagship residential single phase inverter (MIN 2500-6000TL-X/XH) features a maximum efficiency rating of 98.2% to 98.4% depending on the size of the inverter.

Growatt, also known as Growatt New Energy Technology, is one of the most stellar and established inverters manufacturing companies, serving some of the most unique, affordable, and high-efficiency photovoltaic inverters and storage ...
