

JA Solar 625W photovoltaic panel

Who is JA Solar?

JA SOLAR HOLDINGS CO., LTD. Shanghai JA Solar Technology Co., Ltd. (hereafter referred to as "JA Solar"). Installers should follow all safety precautions described in this guide as well as local codes when installing a Module. Installing solar photovoltaic systems requires specialized skills and knowledge.

What is included in the JA Solar installation manual?

Thank you for choosing JA SOLAR modules! This Installation Manual contains essential information for electrical and mechanical installation that you must know before handling, installing JA Solar Modules. This Manual also contains safety information you need to be familiar with.

How to install JA Solar modules?

JA solar recommends installing the modules with a tilt angle of at least 10 degrees, making it easier for dust to be washed off by rain. Ensure the installation method and supporting system of modules is strong enough to make the modules can withstand all the load conditions.

What is the maximum system voltage of JA Solar modules?

(The maximum system voltage of JA Solar Modules is DC 1000V. Rated electrical characteristics such as I_{sc} , V_{oc} and P_{max} are measured within $\pm 3\%$ of according to the safety appraisal of the IEC61730) of the Modules and all other electrical measurement uncertainty at Standard Test Conditions.

Do JA Solar modules corrode?

JA Solar modules have passed the IEC 61701 salt-mist, but galvanic corrosion can occur between the aluminum frame of the modules and mounting or grounding hardware if such hardware is comprised of dissimilar metals.

What is JA Solar JAM72D42-625/LB bifacial double glass?

JA Solar JAM72D42-625/LB Bifacial Double Glass high efficiency Solar Module offers exceptional power generation, reliability, and longevity.

Introducing the JA Solar DeepBlue4 N-Type 625W Bifacial Solar Panel. With its high efficiency and durability, this monocrystalline silicon panel delivers power output up to 625W. Its bifacial design captures sunlight from both sides, ...

Panel Solar Bifacial 625W JA Solar: Aumenta tu Producción de Energía. Panel Solar Bifacial JA Solar de 625W es una solución innovadora y eficiente para la generación de energía solar. Este panel solar se destaca por su capacidad ...
