

JA Solar PV Panel 545

What is JA Solar 545w mono?

JA Solar is a Chinese solar panel manufacturer that produces photovoltaic (PV) modules for residential, commercial, and utility-scale solar projects. The JA Solar 545W Mono is a high-powered solar panel that utilizes monocrystalline silicon technology to deliver efficient energy production.

Is JA Solar 545w a good choice?

Overall, the JA Solar 545W mono panel is a high-quality, efficient solar module that can be a good choice for residential and commercial solar installations. However, it's always important to consult with a professional solar installer to determine the best solar panels for your specific needs and location.

How much power does a JA Solar panel provide?

This JA Solar panel provides 545 W power at 21.1% efficiency. High energy production levels are achieved through the usage of the latest advances in the solar industry, including PERC technology and state-of-the-art antireflective coating. An efficient panel yields more per square foot and pays for itself faster.

What is JA Solar?

JA Solar is a Chinese manufacturer of solar panels and other solar equipment. The JA Solar mono panel is a high-efficiency module designed for residential and commercial solar systems. The panel has a power output of 545 watts, which means it can generate a large amount of electricity from a relatively small surface area.

What is a 545 W JA Solar panel?

This 545 W JA Solar solar panel also comes with a generous 12-year product warranty. JA-JAM72-D30-545MB design makes it ideal for residential and commercial rooftops. Strong 1.38" frame made from anodized aluminum increases durability and strength. The model can support a heavy snow load up to 5400 Pa.

What is a JA Solar mono panel?

The JA Solar mono panel is a high-efficiency module designed for residential and commercial solar systems. The panel has a power output of 545 watts, which means it can generate a large amount of electricity from a relatively small surface area. Request Quotation...
