

# JA Solar Panels and JinkoSolar Panels

Are JA Solar & Jinko a good brand?

JA Solar and Jinko are two prominent names and have a good reputation in the solar panel industry. If you take a look at our solar panel tier list, you'll see that whilst we believe that both brands are great, we install many more JA Solar panels because they are better value overall. Here are our thoughts on their differences.

How much do Jinko Solar panels cost?

JA Solar's panels are priced between \$270 to \$300 per panel, reflecting their commitment to quality and efficiency. While this might be slightly higher, it's an investment in a trusted brand known for its superior performance. On the other hand, Jinko offers a more budget-friendly range of \$240 to \$260 per panel.

Is JA Solar a good brand?

JA Solar is considered a high-efficiency budget brand, so while the panels have good performance, the cost per watt is still below what most competitors charge. Temperature Coefficient (10%): The temperature coefficient of a panel tells you how much of the panel's efficiency is lost per degree over 77 degrees (F).

How efficient are JinkoSolar solar panels?

JinkoSolar's panels have efficiency ratings of 18.67% to 21.33%. We use the temperature coefficient to evaluate solar panel performance. The temperature coefficient indicates how well your solar panel can handle less-than-ideal conditions. Solar panels, like other electronic equipment, perform better when kept cool (ideally around 25°C/77°F).

What are JA Solar panels?

**Durability and Reliability:** JA Solar panels are engineered for resilience, withstanding wind loads of up to 2400 Pascal and snow loads of up to 5400 Pascal. They also offer high resistance to salt mist and ammonia, ensuring durability in challenging environments.

Where are JinkoSolar solar panels made?

However, JinkoSolar recently opened a solar panel manufacturing facility in Jacksonville, Florida, where they manufacture the aptly named "Eagle" series of American-made solar panels. JinkoSolar panels-and the Eagle series in particular-are increasingly popular in quotes to solar shoppers comparing their options on the EnergySage Marketplace.

**Brand reputation:** Jinko Solar is a more established brand with a higher reputation for quality. However, Trina Solar is also a reputable brand with a long history of manufacturing high-quality solar panels. Panel type: Jinko Solar and Trina ...
