

Kehua Data Photovoltaic Inverter Strength

What is Kehua PV inverter?

KEHUA PV inverter products consist of string inverter, central inverter and central-distributed inverter which cover power range from 1kW-6.8MW, it is one of the few enterprises in the world that has a full range product and solution for all scenarios. About KEHUA

What is a Kehua string inverter?

Kehua is one of the first companies to develop and market high power string inverters. Kehua's 1500V/350kW inverter is currently the largest string inverter in the world in terms of single power. Since its launch in June last year, it has been highly recognized by customers and has won more than 2GW of bids.

Why should you choose a Kehua 1500v/350kw inverter?

When a high or low pass-through fault occurs in the AC voltage measurement of the inverter, such as three-phase symmetry or single-phase asymmetry, Kehua 1500V/350kW inverter can generate power without interruption and quickly send reactive current to support the grid, increasing the stability of the grid.

Is Kehua a technical homology in energy storage?

Fundamentally, an energy storage system still relies on power electronics for energy exchange, which reveals a very important factor for inverter companies flooding into the energy storage field - technical homology. For Kehua, however, the technical homology merely lies in the accumulation of inverter technology.

Who is Kehua Tech?

Feb. 2024 Sign up for our Newsletter. Kehua Tech is a world-leading provider of power electronics and energy solutions. With over 35 years of expertise, we deliver innovative UPS systems, data center infrastructure, and renewable energy solutions to customers in over 100 countries.

Is Kehua a PV+ESS solution expert?

The first large-scale energy storage test demonstration project in the network domain approved by the National Energy Administration - Gansu 720 MWh Large-Scale Energy Storage Power Station. Guided by the goal of carbon neutrality, Kehua is evolving toward "PV+ESS Solution Expert" status in the new energy field.
