

LDK Photovoltaic Panel Junction Box

What is a photovoltaic junction box?

Most photovoltaic junction boxes have diodes. The function of the diodes is to keep the power flow going in one direction, and prevent power from feeding back into the panels when there's no sunshine. A quality PV junction box is certified (e.g. via TÜV) and regulates the heat and offers reliable long-term safety.

How much power does LDK Solar produce?

At LDK Solar, we produce high-quality, high-efficiency and environmentally friendly monocrystalline and multicrystalline photovoltaics modules. Our monocrystalline modules range from 160 Watt to 250 Watt in power output and our polycrystalline modules series of modules range from 160 Watt to 280 Watt.

What makes LDK a leader in the solar energy industry?

LDK has successfully developed into a leader in the solar energy industry based on its strong vertically integrated business model; producing its own high-purity solar & semiconductor grade polysilicon, monocrystalline and polycrystalline ingots, wafers, cells and modules in China.

What makes LDK unique?

LDK has successfully developed into an internationally recognized leader in the solar energy industry based on its strong, vertically integrated business model. LDK produces its own solar and semiconductor grade polysilicon, monocrystalline and multicrystalline ingots, wafers, cells and modules in-house.

Who is LDK Solar?

Today, LDK Solar has more than 15,000 employees with manufacturing facilities in China, and sales, marketing, and customer service offices in Asia, Europe and North America. We provide monocrystalline and polycrystalline wafers and modules to our customers worldwide.

Does LDK Solar make any changes?

Max. Load LDK Solar reserves the right to make specifications changes without any prior notice.

The junction box is often an overlooked piece of the solar panel. Usually pre-installed on the backside of a solar module, installers pay it little mind until connecting panels. The PV junction box has a simple, but important role: ...
