

Lingda Photovoltaic Panel Warranty

What is the warranty start date of solar modules?

The warranty start date of the Solar Modules stipulated under this Limited Warranty for Solar Modules (hereinafter referred to as "Limited Warranty") is the date of delivery to the Initial Customer or 6 months after the modules are shipped out of the production plant, whichever is earlier (hereinafter referred to "Warranty Start Date").

Can a solar panel warranty be voided?

For example, warranties may be voided if the solar panels are not installed according to specified guidelines or if unauthorized modifications are made. Certain solar panel warranties might not cover fire damage or other outside sources.

What is a solar contractor warranty?

Solar contractor warranties are essential to your solar energy system's overall protection. These warranties, provided by the installer, generally cover workmanship and installation issues. They ensure the solar panels are correctly installed, and the system operates as intended. The duration of contractor warranties can vary.

How long does a solar panel warranty last?

Their warranty typically lasts for 10 to 25 years, offering extended coverage. Common Terms: Manufacturer warranties often cover defects in materials and workmanship, ensuring that the solar panels and inverters meet specific quality standards. Some warranties may have exclusions, such as damage caused by natural disasters or improper installation.

Should I get a warranty on a solar panel system?

A solar panel system is a multi-decade investment that a warranty can help protect. The less solar power your system produces, the more your home may need to draw from the utility company, which eats into your savings.

Does Fimer offer a warranty for Aurora PVI solar systems?
