

Lithium battery energy storage assembly in Jiangsu Zhejiang and Shanghai

Who is ganfeng lithium battery?

Ganfeng Lithium Battery builds a high-end polymer lithium battery R&D and production base in Huizhou, Guangdong, and develops high-end polymer lithium battery R&D and production, in order to increase the company's high-end polymer lithium battery production scale and market share, and enhance its core competitiveness.

How much does ganfeng lithium make a year?

Public data shows that from January to September 2020, Ganfeng's lithium battery operating income reached 875,989,200 yuan, and its net profit was 39,585,500 yuan. "Committed to creating the most creative lithium battery smart new energy, and becoming the first echelon of the global lithium battery industry" is the vision of Ganfeng Lithium.

What will ganfeng lithium do in the future?

As the carrier of Ganfeng Lithium's lithium battery business, in the future, Ganfeng Lithium will continue to increase investment in technology, management, quality and other dimensions, taking "leading a new era of lithium battery technology innovation" as its corporate mission and contributing to the development of mankind.

Battery energy storage systems (BESS) are an essential component of renewable electricity infrastructure to resolve the intermittency in the availability of renewable resources. ... The Yangtze River Delta is the primary area of battery industry ...
