

# Longi photovoltaic panel 545 watt

How much power does a Longi Hi-mo 5 solar panel produce?

This test places the modules at an irradiance of 800 W/m<sup>2</sup>, temperature of 20°C, and wind velocity of 1m/s. Testing the performance of the LONGi Hi-MO 5 solar panel series at NOCT conditions delivered a power output range of 369.2 W for the 530W module, and up to 411.1 W for the 550W module.

What is the warranty on Longi Hi-mo 5 solar panels?

The warranty of the LONGi Hi-MO 5 solar panel series covers the workmanship of the modules for 12 years for the materials and processing during the manufacturing process. This aligns with the average warranty issued for most PV modules in the solar industry.

Is the longi Hi-mo 5 PV module rated for utility-scale applications?

To ensure the LONGi Hi-MO 5 PV module is rated for utility-scale applications, these modules have been tested under the most demanding conditions.

Is Longi LR5-72HBD a bifacial solar module?

The LR5-72HBD is LONGi's bifacial solar module purpose-built to harvest reflective photons. However, efficiency gain figures are entirely subjective depending on installation obstructions to the rear of the module and the surrounding reflective environment. Overall Class.

What is Longi Hi-mo 5m & LR5-72 HPH & 72 HBD?

Report: LONGi Hi-MO 5m (LR5-72 HPH & 72 HBD). The world of utility-scale solar projects now demands bigger solar module designs. Solar modules with increased surface area mean greater power, and the Hi-MO 5 is LONGi's ultra-large, Intersolar Award-winning (2021) solar module purpose-built for utility-scale projects.

What makes Longi a good solar module?

A testament to LONGi's innovative prowess (via a cross-licensing agreement with Shin-Etsu Chemical Co., Ltd) and commitment to long-term module performance is the incorporation of Gallium-doped silicon wafers (opposed to Boron) mitigating the effects of Light-Induced Degradation (LID) in a P-Type mono silicon solar module.

Longi 555-watt Solar Panel vs Canadian 555-watt Efficiency: Both modules fall in the Tier-1 category. The Longi 555-watt solar panel gives an efficiency of 21.7% and the Canadian 555-watt provides an efficiency of up to 21.6%. The cell ...
