

Microgrid Analysis Report

What is a microgrid report?

This report provides (1) an overview of the microgrid planning, assessment, and design process for DoD installations and (2) is a resource for energy managers, policymakers, contractors, and other stakeholders involved in microgrid projects.

What is a microgrid design analysis?

For a design analysis, it is useful to conduct system modeling to match microgrid loads with generation on an hourly, 15-minute, or 1-minute basis. This type of modeling can provide a detailed look into how a microgrid can supply loads from different generation sources at each time step throughout the course of a year.

What is a microgrid assessment process?

The process provides an overview of the basic steps and high-level information as well as analysis that is required for microgrid assessment. It is not intended to capture every detail of a project but rather to provide a general overview.

What is the scope of a microgrid project?

The project scopes include two phases. In Phase I, data is collected and analyzed for existing and planned microgrid projects in the United States in the following markets: (1) commercial, (2) community, (3) campus, (4) utility, and (5) remote.

What is microgrid design research?

Microgrid design research refers to technical innovations, design strategies, renewable-integration solutions, development pathways, and the sharing of these approaches. DOE projects that are contributing to improved remote microgrid designs include the following.

What is power flow analysis in microgrid analysis?

In microgrid analyses, these power-flow solutions are useful for determining voltage drops and line losses, bus voltages at nodes, conductor ampacity requirements, reverse power flow, and coordination of protective device settings, under different microgrid configurations.

This report forecasts volume and revenue growth at global, regional, and country levels and provides an analysis of the latest industry trends in each of the sub-segments from 2018 to 2030. For this study, Grand View Research has ...
