

Outdoor liquid cooling energy storage cabinet

Absen's Cube air/liquid cooling battery cabinet is an innovative distributed energy storage system for commercial and industrial applications. It comes with advanced air cooling technology to quickly convert renewable energy sources, ...

HyperCube II is a new-generation liquid-cooling outdoor energy storage cabinet suitable for energy storage, which features built-in safety and a long lifespan. Besides, as a battery storage cabinet with a maximum energy efficiency of up ...

CATL EnerOne can be used flexibly in outdoor applications, thanks to the protection level IP 66 of the main components and the adaptability to an ambient temperature range of -30 to +55 °C. It has passed various critical tests on the ...

Our standard cabinet comes with fire system isolation, state-of-the-art liquid-cooling technology, combustible gas detection, and an FM200 fire extinguishing system, ensuring the safety and controllability of the system. Smart and User ...

Our energy storage solution excels in providing a prolonged cycle life, with battery cells boasting an impressive lifespan of up to 6,000 full cycles. This longevity is facilitated by a sophisticated liquid-cooling system that effectively restricts the ...
