

Photovoltaic bracket U-shaped groove installation diagram

What is a power rail PV module mounting system?

The PV module mounting system engineered to reduce installation costs and provide maximum strength for parallel-to-roof, tilt up, or open structure mounting applications. The POWER RAIL mounting system is designed with the professional PV solar installer in mind.

What is included in a power rail PV flash?

POWER RAIL PV Flash includes one universal slotted compression block, and one 8" x 12" flashing in matte black color. L-Foot ordered separately. *MUST order in quantities of 10. The all aluminum Low Profile Tilt Kits mount a set of POWER RAIL extrusions (sold separately) at the tilt angle specified.

Where can a ground lug be installed?

See sections 2 thru 8 of this manual. All required torque specifications for individual components are included. Copper) 10.3 Ground Lug Location Option #1 10.3.1 A single Ground Lug may be installed at any location along the length of either the north or south Horizontal Beam. Any of the 4

How much wire do I need to install a ground lug?

begins to clamp the ground lug in place. Do not over-tighten or fastener failure may occur. Once the fastener has been fully tightened: 4-6 AWG wire: 25 in-lbs. 10-14 AWG wire: 20 in-lbs. 10.3.6 Installation must be in accordance with NFPA NEC 70, however the electrical designer of record should refer to the latest revision of NEC

What materials are used for mounting base brackets?

Mounting base brackets are fabricated from Series 6000 structural marine grade aluminum. 5/16" hardware included. "L" Feet are fabricated from high-strength 3/16" aluminum and include a vertical slot for adjusting to irregular surfaces. 5/16" coated hardware included. "L" Feet are fabricated from high-strength 3/16" aluminum.

How do you install a ground lug fastener?

Before drilling the fastener in place. 10.3.3 With an electric drill, screw the fastener in until it is fully screwed in. It begins to clamp the ground lug in place. Do not over-tighten or fastener failure may occur. Once the fastener has been fully tightened: 4-6 AWG wire:

Company Introduction: Taizhou Suneast New Energy Technology Co., Ltd is a high-tech enterprise specializing in solar photovoltaic bracket design, production, installation and related consulting services. Company headquarters is located ...
