

The S-5-PV Kit may be mounted to many different S-5! clamps and brackets on metal roof solar panel systems with no mounting rails. Combined with the S-5-PV Kit, the ProteaBracket is an integrally grounded solar panel mounting solution.

Estimating the number and size of rails, mid and end clamps, L-feet, or standoffs for your solar installation could be troublesome. This brief introduction offers insight into estimating the number of solar racking parts a project might need.

Installing a solar energy system can be a challenging task. A home solar panel installation will include up to or more than a thousand parts so gathering the right component parts can take a lot of time researching what each part is and what ...
