

# Photovoltaic bracket supply and sales agreement sample

Can a provider sell a photovoltaic system to a customer?

WHEREAS, Provider has offered, at his sole cost and expense, to install, maintain, own, replace, repair, and operate a photovoltaic system at one or more of the Property (ies) and to sell Solar Services (as hereafter defined) produced by the solar photovoltaic system to Customer as provided in and subject to the provisions of this Agreement.

What should be included in a power purchase agreement template?

One of the schedules that you may attach to this power purchase agreement template is the timeframe of when the project will begin. It should also outline the schedule of delivery of electricity and the amount of electricity the developer will supply.

What should be included in a supply agreement & installation agreement?

The matrix will be common to both the Supply Agreement and the Installation Agreement. It should detail all of the Works and services required to complete the Facility and allocate responsibility for each of them as either "Supply Works" or "Installation Works" between the Supplier the Installation Contractor and/or to the Project Company.

What is included in a supply agreement template?

The Supply Agreement template also includes footnotes highlighting instances where particular consideration needs to be given to particular provisions to ensure that such clauses are suitable for the specific project circumstances and jurisdiction.
