

Ranking of China's solar photovoltaic panels

Which province has the largest solar power plant in China?

As of data from April 2023, the largest PV solar plant in the country is the Gonghe Photovoltaic Project, located in the province of Qinghai, with a capacity of over 3,000 megawatts. Zhejiang, followed by Qinghai, were the provinces accounting for the largest capacity of operational solar power farms in 2022.

How many gigawatts of solar power are there in China?

Only in that last year, installations increased by almost 40 percent. In 2023, cumulative solar PV capacity reached some 649 gigawatts in China alone. Investments in solar photovoltaic energy has grown during the last years and the technology remains one of the most heavily funded renewable sources.

Does China have a solar industry?

And despite all the turmoil, the Chinese solar industry has the manufacturing capacity to meet the demand. Discover all statistics and data on Solar energy in China now on [statista.com](https://www.statista.com)!

Can China make more solar power?

China can now make more solar power than the rest of the world. Data released by China's National Agency last week revealed that the country's solar electric power generation capacity grew by a staggering 55.2 percent in 2023. The numbers highlight over 216 gigawatts (GW) of solar power China built during the year.

Do you need a subscription to access solar power in China?

A paid subscription is required for full access. In China, photovoltaic (PV) solar power capacity has grown enormously in the last decade. As of data from April 2023, the largest PV solar plant in the country is the Gonghe Photovoltaic Project, located in the province of Qinghai, with a capacity of over 3,000 megawatts.

Does sinovoltaics have a z score?

Did you know? Sinovoltaics has been publishing its PV Module Manufacturer Ranking Reports based on the Altman Z score formula since early 2016 and is the first and only independent source for PV Module, Inverter, and Energy Storage Manufacturer Ranking Reports based on their financial strength.
