

# Ranking of Italian photovoltaic panel brands

Who owns photovoltaic solar energy in Italy?

Industry-specific and extensively researched technical data (partially from exclusive partnerships). A paid subscription is required for full access. In 2022, the oil and gas energy company Sogefi S.p.A. was the leading operator of photovoltaic solar energy in Italy. Its revenues amounted to roughly 6.3 billion euros in 2022.

Which countries have the most photovoltaic systems in Italy?

Italy has registered a seven-fold increase in the number of photovoltaic systems since 2010, reaching over 1.2 million in 2022. That year, Lombardy and Veneto were the regions contributing the most to this sector's growth. Together, they account for over 30 percent of the PV installed capacity in the country.

Who contributed to the Italian photovoltaic market report?

This report received valuable contributions from several stakeholders and experts of Italian photovoltaic (hereafter, PV) market: entrepreneurs, manufacturers of PV modules and other components, installers, Architecture School University IUAV of Venice, Nomisma Energia, and others. They all provided data and views included in this report.

What is the growth of PV market in Italy in 2022?

All 2022 figures show the important growth of PV market in Italy. The total number of PV plants grew by 20,5% compared to 2021, the cumulative capacity of 10,9% and PV production in 2022 grew by 12,5% compared to 2021.

Which countries rely the most on photovoltaics?

Photovoltaics represent one of the renewable energy sources the country relies the most on. Italy has registered a seven-fold increase in the number of photovoltaic systems since 2010, reaching over 1.2 million in 2022. That year, Lombardy and Veneto were the regions contributing the most to this sector's growth.

Is the solar PV market growing?

The solar PV market has been growing for the past few years. According to solar PV research company PVinsights, worldwide shipments of solar modules in 2011 was around 25 GW, and the shipment year-over-year growth was around 40%. The top five solar module producers in 2011 were: Suntech, First Solar, Yingli, Trina, and Canadian.

Explore the top solar panel manufacturers globally with Sinovoltaics' Ranking Report Edition #3-2024. Gain free access to comprehensive rankings of over 70 PV module manufacturers, 30 inverter manufacturers, and 40 energy storage ...
