

Ranking of photovoltaic auxiliary material bracket manufacturers

What is a solar PV mounting bracket?

Solar photovoltaic (PV) mounting bracket is the "skeleton" supporting solar PV modules, whose performance directly affects the operation stability, power generation efficiency and return on investment of solar PV plants, playing an important role in the construction of PV power stations.

What materials are used in solar PV mounting brackets?

In the solar PV mounting bracket industry chain, the upstream is mainly composed of bulk metal materials such as steel and electromechanical components such as rotary reducer. The overall market pattern of the upstream is relatively dispersed and the supply is relatively adequate.

What types of PV mounting systems are available?

Their product portfolio includes tracking PV mounting systems, adjustable PV mounting systems, ground-fixed PV mounting systems, building-attached PV mounting systems, photovoltaic building structures, flexible PV mounting systems, PV intelligent cleaning solutions, and building support and suspension systems.

How good is a rooftop solar PV array?

A rooftop solar PV array is only as good as the mounts and rails it sits upon. Below we have the latest updates from 16 manufacturers across residential and commercial & industrial solar mounting systems, and approaches vary greatly.

How big is the solar PV tracking bracket market?

According to Wood Mackenzie, the global solar PV tracking bracket shipment reached 44GW in 2020. With reduction in cost, increase in stability and the application of double-sided modules, the shipment of solar PV tracking bracket will reach 110 GW in 2025 globally, with a market space of nearly 60 billion RMB (about USD 9 billion).

What are the top 5 solar module manufacturers in 2023?

The total module shipments of the top 5 manufacturers nearly reached 300GW in 2023. The major players maintained their leading positions throughout the list. The top four were LONGi, Jinko, Trina and JA Solar, the same order as last year.

Discover the top 10 solar PV module manufacturer companies in 2024, featuring American-made solar panels and industry leaders like First Solar and LONGi Green Energy. Call +1(917) 993 7467 or connect with one of our experts to ...
