

Residential buildings equipped with photovoltaic panels

You may be considering the option of adding a solar energy system to your home's roof or finding another way to harness the sun's energy. While there's no one-size-fits-all solar solution, here are some resources that can help you ...

In addition to this guide for homebuilders, the Solar Energy Technologies Office (SETO) offers a guide for homeowners who are looking to add solar panels to their home or buy a home with an existing solar system. If you're new to solar ...
