

Ring Solar Power Generation System

Can I add a solar panel to a Ring Video Doorbell?

Add Ring Solar Panel to Ring Video Doorbell 2, Video Doorbell 3, Video Doorbell 3 Plus, Video Doorbell 4, Battery Video Doorbell Plus or Battery Video Doorbell Pro for a non-stop, continuous charge. Easily connect to your compatible doorbell using the included wiring and solar adapter plate.

How does the ring solar panel work?

The latest Solar Panel with upgraded solar technology keeps your camera charged longer with up to 60% faster charging than the previous generation. Connect it to any Ring USB-C Security Camera with the built-in USB-C connector or barrel plug camera with the included USB-C to barrel plug adapter. Keep your setup tidy with built-in cable management.

Does Ring Video Doorbell 2 have a solar charger?

It is not compatible with Ring Video Doorbell 2 or any other Ring doorbells with a fork-style power connector. Requires compatible Ring Battery Video Doorbell. Install Solar Charger in a location without obstruction from the sun, where it can receive at least 3-4 hours of direct sunlight per day.

Can a ring solar panel connect to a security camera?

Hi JoeP. Good question. No, the Ring Solar Panel can only connect to one Ring security camera. This is the latest solar panel with upgraded solar technology to keep your camera charged longer, with up to 60% faster charging than the previous generation.

Why do ring solar devices need a lot of sunlight?

Ring solar products require direct sunlight to stay charged and provide power to the device. If the weather is cloudy or it rains/snows, this would limit the direct sunlight your device receives, which would lessen the charge. Colder temperatures may also cause excessive drain to your device's lithium-ion battery.

Which ring security cameras are compatible with the ring adapter?

You can use the included adapter for backwards compatibility with barrel-plug input Ring security cameras: stick-up cam (2nd and 3rd generations), spotlight cam (1st generation), not compatible with stick-up cam (1st generation).

The latest Solar Charger for Battery Doorbells keeps your doorbell charged up to 35% longer than previous solar charger generations and includes a secure mounting bracket for easy installation with weather-resistant built-in solar panels.

Easily mount Stick Up Cam Battery, install the solar panel horizontally, adjust the viewing angle, and consider the area covered. The solar panel keeps the included Quick Release Battery Pack charged for non-stop power and protection. For ...
