

Roof integrated photovoltaic panels

Easier to install than other conventional on roof and in roof systems. Panel to panel connection is less than 1 minute. Simple panel to panel connection guides the installer in to the correct position by simply pushing the panels together. ...

Solar shingles or tiles perform as roofing material for your home. The main idea is to combine the solar cells with the roof sheathing rather than mounting solar modules on top of the shingles. Solar shingle's basic principle ...

Discover Solfit's innovative roof-integrated solar panels designed for both domestic and commercial applications. Our patented interlocking design ensures a watertight seal without the need for plastic trays or complicated flashing ...
