What are all-inclusive solar kits?

These all-inclusive solar kits are designed for simplicity,featuring everything you need for a seamless setup and installation. With high-performance lithium battery options and versatile connectivity options,our solar power systems can be connected to solar,wind,backup generator,or utility grid sources.

Are solar panels sold separately?

\*Solar panels are not sold separately. Grid tie inverters convert solar DC power to home-friendly AC power and provide net metering capability. Batteries optimize cost savings by storing surplus energy when rates are lowest and utilizing it during peak demand times. They also serve as a reliable backup power source during outages.

After installing your solar panels, you control solar production to supply consumers thanks to the I'M SOLAR application. A complete and digital solution unique in Europe to offer the most complete service. Connect your solar ...
