

Solar Photovoltaic Power Generation System Loans

Where can I get a solar loan?

Many different institutions offer solar loans, including local and national banks, specialty financing companies, manufacturers, and credit unions. To choose the best solar loan for you, compare options from a few different financing providers. Use the EnergySage Solar Marketplace to review multiple equipment, installer, and financing options.

What is the best type of solar panel financing?

For many people, the best type of solar panel financing is probably a personal loan for solar. A personal solar panel loan will come with fixed interest rates and fixed monthly payments that never change during the life of the loan. Some home improvement loans have higher limits or longer terms to make it easier to pay for more expensive options.

What are the different types of residential solar financing?

This guide is designed to help homeowners navigate the complex landscape of residential solar photovoltaic (PV) system financing and select the best option for their needs. It describes three popular residential solar financing choices--leases, PPAs, ...

How do I get solar panel financing?

Depending on your location and the panels you're buying, there may be several ways to get solar panel financing. Start by asking the solar panel manufacturer and installer whether it offers in-house financing. This can be a good option if you don't have good credit or want a streamlined loan process. Ask around for referrals.

Is a solar loan a personal loan?

A solar loan is essentially a personal loan, which is a lump sum repaid with fixed payments that include interest, used to purchase solar panels. A solar loan may also refer to other types of solar financing. Are Solar Panel Loans Secured or Unsecured? Whether a loan for solar panels is secured or unsecured depends entirely on the lender.

Can you get a loan for solar panels?

Some personal loan lenders offer home improvement loans for solar panels with terms of up to 12 years. Solar contractor financing may come with longer terms, such as 15 or 25 years. Choosing a shorter term will save you money on interest. Just make sure you can afford the monthly payments. What Happens If I Default on a Solar Panel Loan?
