

# Solar Power Generation Base Ranch

Why is BrightRidge partnering with TVA & Silicon Ranch?

"BrightRidge is honored to continue to lead the region in distributed solar generation, thanks to partnership agreements with TVA and Silicon Ranch. These partnerships provide our customers with an efficient way to access clean energy benefits at scale while avoiding the long-term costs of individually owned and operated facilities.

Why did Silicon Ranch work with Walton EMC?

Silicon Ranch worked with Walton EMC to deliver this project as part of Walton EMC's agreement to supply 100% renewable energy to support Meta's data center operations in Georgia. This 102.5 MWac facility was Meta's first solar project in the state.

How did Silicon Ranch & Mississippi Power work together?

Silicon Ranch and Mississippi Power worked closely with the City of Hattiesburg, Forrest County, and the Area Development Partnership to bring this 50 MWac facility online.

Regenerative Energy is our proven, holistic approach to designing, building, and operating our projects in alignment with natural systems to regenerate soil health, biodiversity, water quality, and habitat. It harnesses the potential of solar land ...

2 &#0183; After a two-year permitting process, Contra Costa County granted RASE a conditional use permit (CUP) on September 24, 2024, clearing the way for the development of a new solar and storage project in Byron, California. ...
