Is a 100Ah smart BMS worth it?

With 100Ah capacity smart BMS, the long-term performance and reliability make the cost 100% worth it. They can provide reliable electric support when you use multiple appliances.

Do you use a solar charger for stand-alone power?

Perfect for stand-alone power. I use a separate charger, but plan on adding a Solar charger. For now, I like the first one I ordered so I ordered a second. The price cannot be beat. And while the delivery date is out over a week, both deliveries came early. Like I said, so far, so good.

Which battery is best for outdoor camping?

Efficient Power: SCREMOWER LiFePO4 battery's flat discharge curve holds above 12V for up to 90% of its capacity usage providing astronomical boosts in run-time compared to only 50% in Lead Acid. This product is your best choice for outdoor camping power and indoor easy installation.

o Suitable for Solar System, RV, Camping, Marine, Off Grid Applications o 2000+ Cycles at 100% DOD & 8000 Cycles at 50% DOD o 10 Years Warranty o Free Delivery & Dedicated Online Service o Designed for Energy Storage, Instead ...
