A tablet cannot be easily mounted in this vehicle. We take a look at the best phone, GPS and tablet mounts for a Volkswagen Tiguan. This is one of the easiest vehicles to mount a tablet, phone or GPS.

Where to mount a phone & GPS on a Volkswagen Tiguan?

So to sum it up for the Volkswagen Tiguan, the windshield and vent are the only good locations for mounting a phone or GPS. The CD Player, dash and cup holder are poor mounting locations. A tablet cannot be easily mounted in this vehicle. We take a look at the best phone, GPS and tablet mounts for a Volkswagen Tiguan.

Which air vent mount is best for Volkswagen Tiguan?

Apple iPhone owners can consider the Andobil MagSafe Air Vent Mount which is the same mount but with a magnetic adapter that pairs perfectly. Read our Andobil car air vent review for a lot more information. So to sum it up for the Volkswagen Tiguan, the windshield and vent are the only good locations for mounting a phone or GPS.

Do Volkswagen Tiguan vents come with a warranty?

Both of these come with a 2-year warranty. The Volkswagen Tiguan vents are horizontal and are placed in a good location when using your phone with a GPS app such as Waze. The one issue with these vents will be the slightly upwards slope of the vents. That means some vent mounts may not work on these vents.
