Does WeChat show the location of users in China?

In April 2022,WeChat announced that it will start displaying the location of users in Chinaeverytime they post on a public account. Meanwhile,overseas users on public accounts will also display the country based on their IP address.  "Moments" () is WeChat's brand name for its social feed of friends' updates.

Why did WeChat have two different platforms?

WeChat eventually built two different platforms to avoid this problem; one for the Chinese mainland (Weixin) and one for the rest of the world (WeChat). The problem existed because WeChat's servers were all located in China and thus subjected to its censorship rules.

OverviewFeaturesHistoryWeChat  BusinessMarketingPlatformsControversiesCensorshipWeChat provides a variety of features including text messaging, hold-to-talk voice messaging, broadcast (one-to-many) messaging, video calls and conferencing, video games, photograph and video sharing, as well as location sharing. WeChat also allows users to exchange contacts with people nearby via Bluetooth, as well as providing various features for contacting people at random if desired (if people are open to it). It can also integrate with other social networking services suc...
