

What are the combiner cabinets of the energy storage system

What is included in a battery cabinet?

Each battery cabinet includes an IP56 battery rack system, battery management system (BMS), fire suppression system (FSS), HVAC thermal management system and auxiliary distribution system. Outdoor liquid cooled and air cooled cabinets can be paired together utilizing a high voltage/current battery combiner box.

Do you need a combiner box for a solar-plus-storage system?

While smaller solar-plus-storage systems, those with one or two battery cabinets and one inverter, do not typically require a combiner box, larger systems, particularly those with more than four cabinets and more than three inverters, need a combiner box to connect all of the devices together.

Can a liquid cooled and air cooled cabinet be paired together?

Outdoor liquid cooled and air cooled cabinets can be paired together utilizing a high voltage/current battery combiner box. Outdoor cabinets are manufactured to be a install ready and cost effective part of the total on-grid, hybrid, off-grid commercial/industrial or utility scale battery energy storage system. BESS string setup examples are:

How many batteries are in a battery cabinet?

Each Battery cabinet contains two battery strings, each battery string contains total 26 battery modules connected in series. Each battery cabinet contains two HVAC system, and one set aerosol Fire Suppression System.

Do I need a combiner box?

For larger systems, with more than four cabinets and more than three inverters, a combiner box is required to connect all of the devices together. Understanding when to use a combiner box is only the first step, as the combiner box itself comes with its own set of questions.

How many 373kWh cabinets can be installed together?

Multiple 373kWh cabinets can be installed together creating up to 4472kWh energy storage blocks. Designed for 373kWh's to 100MWh+ systems. Each 373kW liquid cooled outdoor cabinet solution is pre-engineered and manufactured to be ready to install.
