

Will the price of photovoltaic panels continue to fall now

Will the price of solar panels keep dropping over the next decade?

The price of solar panels is probably going to keep dropping over the next decade. Solar has already become half as expensive as it was 10 years ago. New federal incentives that are giving certainty to the solar industry will likely push the price down even further.

Should you wait for solar prices to fall further?

The cost of going solar is dropping, in part thanks to the stability brought by an expanded federal tax credit. But should you keep waiting for prices to fall further? The price of solar panels is probably going to keep dropping over the next decade. Solar has already become half as expensive as it was 10 years ago.

Why are solar panels so expensive?

The supply chain issues that have roiled the globe for years have inflated prices on most consumer goods, including solar panels. In the residential solar market, that caused a slight increase in prices. Considering Solar Panels? Solar in the US is also more expensive than in other countries, owing to higher permitting and overhead costs.

Will solar prices keep falling?

Prices will probably keep falling, but that's not the only thing to consider when timing your solar purchase. The cost of going solar is dropping, in part thanks to the stability brought by an expanded federal tax credit. But should you keep waiting for prices to fall further?

Are solar panels getting more affordable?

Experts say solar panels have gotten significantly more affordable in the last decade, and new federal incentives will only drive prices lower. There's a big new solar tax credit in town. A federal incentive expanded in 2022 through the Inflation Reduction Act can offset 30% of the cost of a residential solar installation.

Are Solar Choice prices still high?

The Solar Choice price index for December shows that we are still approx 10% higher than the recent low point from Sept 2021. Tony Seba pretty much graphed out these cost declines more than a decade ago... for anyone who was listening to his logic rather than calling him crazy!
