

Xilin Gol Wind Power Generator

Which Xilin Gol League has the highest wind power generation?

Among all leagues and cities in Inner Mongolia, Xilin Gol League reported the highest wind power generation, accounting for 26.7 percent of the region's total, while Hinggan League posted the fastest growth in wind power generation with a year-on-year increase of 57.3 percent. Xilin Gol League is rich in wind and solar energy resources.

What is Xilin Gol League's 1GW project?

The 1GW of projects include a 500MW combined solar and wind facility at Abag Banner Xilin Gol League, Inner Mongolia. The project, which is scheduled to be completed by the end of 2023 will be coupled with hydrogen electrolysis.

What is Xilin Gol League?

Xilin Gol League is rich in wind and solar energy resources. The installed power generation capacity of new energies in the league has reached 13.45 million kW, and the annual generation of clean electricity is about 29 billion kWh.

Will Xilin Gol become the First League in Inner Mongolia?

The installed power generation capacity of new energies in the league has reached 13.45 million kW, and the annual generation of clean electricity is about 29 billion kWh. It is expected that by the end of 2023, Xilin Gol will become the first league in Inner Mongolia where the installed power capacity of new energies exceeds thermal power.

Will 1GW of solar and wind projects in Inner Mongolia reduce waste?

In announcing the commencement of 1GW of solar and wind projects in Inner Mongolia today, the Beijing Jingneng Clean Energy Co. noted that by co-locating assets, it plans to "reduce the waste of wind and solar power resources." The 1GW of projects include a 500MW combined solar and wind facility at Abag Banner Xilin Gol League, Inner Mongolia.

How much wind power does North China's Inner Mongolia generate?

Wind power generation by large-scale enterprises in North China's Inner Mongolia autonomous region reached 101.99 billion kWh in 2022, up 8.8 year-on-year, according to the regional bureau of statistics.
