

Yingli 400W photovoltaic panel

Where are Yingli solar panels manufactured?

Yingli Solar, headquartered in China, manufactures its solar panels using advanced technology. The company sells its solar panels in New Zealand via distributors and has won many awards for its panels. Yingli Solar produces and supplies the following solar modules:

Are Yingli solar panels a good choice?

Yingli Solar has modules that range from 315 - 450 watt solar panels, which is a solid range to choose from. Either one of Yingli's residential solar panels will provide enough power to keep your home's electricity running. A solar panel's efficiency rating represents the amount of energy absorbed that will be turned into electricity.

How much do Yingli solar panels cost?

Yingli's solar panels will cost you anywhere between \$2.50 and \$3.10 per watt. For reference, an average 7kW solar system can cost you about \$21,000 before the federal tax credit. You can expect Yingli Solar panels to be slightly below the average because they are known as a less expensive brand.

How much power does a Yingli solar panel produce?

In the case of Yingli solar panels, it is between 315W - 450W. The positive power rating for Yingli solar panels is listed at 0/+5 W, meaning that the panels will not produce less than their power rating but they might produce as much as 5 W more than their highest rated wattage.

How big is a 400 watt solar panel?

The exact size of a 400 watt solar panel depends on the manufacturer and the model. In general, 400 Watt solar panels have 144 half-cut solar cells with measurements similar to 72 cell solar panels. Of course, the number of cells in a module reflects on the 400W solar panel price.

How many cells are in a 400 watt solar panel?

In general, 400 Watt solar panels have 144 half-cut solar cells with measurements similar to 72 cell solar panels. Of course, the number of cells in a module reflects on the 400W solar panel price. The dimensions of an average 400 Watt solar panel are about 79" X 39" X 1.4".

The Yingli Solar 400 watt module features 108 half-cut monocrystalline solar with a sleek all-black appearance. Featuring higher output and performance, the Yingli Solar module operates at 20.5% efficiency to maximize the light absorption ...
